Where is here?

Wherever people decide to make change. Change can start with two people, at a town meeting, at a board meeting, in a union meeting or in a classroom. And once it starts, it grows. As change happens, new things are possible.

Give. Volunteer. Act.

Change also starts with you. United Way is proud of its role as a leader, convener and participant in positive social change in our community – but we couldn't do it without your support. When people are inspired to come together, we make a lasting impact in our community.

UNITED WAY INVESTMENT AREAS

From poverty to possibility

- Meeting basic needs (food, shelter, employment)

Healthy people, strong communities

- Improving access to social and health-related support services
- Promoting resident and community engagement

All that kids can be

- Supporting early childhood learning and development
- Helping kids succeed and stay in school until graduation

WHY UNITED WAY?

When you invest in your community through United Way you can trust that your dollars are being strategically invested where they are needed most:

- **United Way supports a network** of over 100 human services agencies and funds more than 200 programs and services.
- United Way **brings together all areas of community** – business, government, academia, school boards and others – to address social issues at the root cause level and develop effective, long-term strategies.
- United Way's **Community Investments and Collaborations team** adds tremendous value to your donation. They develop a highly targeted investment strategy based on in-depth knowledge of social issues, extensive research, awareness of community need and an ability to identify, address and alleviate existing gaps.
- United Way **measures outcomes** in its investment areas and reports these back to donors. We have rigorous standards of excellence for performance and report outcomes annually.
- United Way brings **lasting value to agency partners**. We make multi-year funding commitments, collectively design long-term strategies for program delivery and share research. We also provide assistance to improve governance and administration practices when needed.

Your Support Changes Lives

Results in 2010:

- More than 250,000 breakfasts, lunches and snacks were provided to children at school
- More than 275 children improved their literacy skills
- More than 2,250 children and youth developed positive mentor relationships
- More than 300 youth received employment skills support
- More than 1,145 families and individuals in crisis were helped to find stable housing
- More than 315 women were taught how to keep themselves and their children safe from violence
- More than 1,000 seniors became more engaged in their communities, reducing isolation
